

Pathways to Healthcare Careers

HEALTHCARE: THE FASTEST GROWING CAREER IN SOUTHERN MINNESOTA!

FastTRAC: Pathways to Healthcare Careers Course

Gain the confidence necessary for college and employment success! Brush up your reading, math and computer skills while exploring healthcare careers available in the region.

Participants will make connections at South Central College, area Workforce Centers and the healthcare industry as they develop a plan for their future in this FREE preparation course.

Free Training for Adults

Students who successfully complete the “Pathways to Healthcare” course may qualify for resources to attend Basic Nursing 101 and/or Medical Terminology in Spring Semester at South Central College.

Eligibility Criteria

Call for questions about eligibility for this FREE adult career-pathway course. You may qualify if you:

- Are 17 or older and not enrolled in high school
- Are legally eligible to work in the U.S.
- Are unemployed or underemployed (part-time or low-wage incomes)
- Are not academically prepared for college (eligibility is determined by the Test of Adult Basic Education)

Requirements

To participate, students must:

- Call to register—application, basic skills test and interview required
- Complete a background study (\$20)
- Be physically and emotionally prepared to perform healthcare work (most healthcare careers require lifting, standing for 8 hour shifts, night, weekend & holiday hours, and close contact with others)
- Commit to attending class periods and at least 6 hours of homework per week
