CHILD CARE

Selecting a child care provider is a very important decision. As a parent, it is important to you that your child is in a safe, nurturing environment when you are away. Visit and interview your potential provider and don't be afraid to ask questions. During your interview discuss issues such as discipline, daily schedules, pickup time flexibility, payment arrangements, etc. It is also suggested that you get the names and phone numbers of at least two parents currently using the provider. Call them and ask about their experiences with the provider. Also, your county human service office is a resource in checking out potential child care providers.

COUNSELING

If you feel good about yourself and others, your mental health is pretty good. Remember, though, that you may not feel good all of the time. No one does. Everyone has uncomfortable or angry feelings about things going on in their lives. If you experience these kinds of feelings much or most of the time, you may want to contact a counselor.

When do I need counseling?

If things you are feeling or doing begin to interfere with your normal everyday activities, you may need counseling. The following can be

Counseling (cont.)

warning signs that someone may need counseling:

- Sudden changes in mood or behavior
- Depression-feeling unhappy for a long time
- Anxiety-strong feelings of fear or nervousness, unexplained rapid breathing or heartbeat, knotted stomach
- Losing temper over small things
- Physical aches and pains that have no real physical cause
- Dropping grades
- Difficulty sleeping for many nights
- Excessive use of drugs, alcohol, cigarettes
- Can only think of the problem and nothing else
- Can't eat or feel sick when you do eat

Many counselors charge fees, but some will adjust their fees to what you and your family can afford to pay.

With so many options, finding the right counselor can be difficult, but there are knowledgeable people to guide you. Talk to your school nurse or guidance counselor.

EDUCATION

Education is the best investment of time and money that you can make. It is important that you get as much education as you can when you are young. In high school there are tutoring systems to ensure that you get as much from that experience as possible.

When choosing a post-secondary school, do a comparison. If you are looking at a specific field, talk to someone in that career and ask for advice. If you are looking at a type of school, public vs. private, two year or four year college, compare advantages, prices & course offerings. Talk to school counselors. Websites like ISEEK (www.iseek.org) may be helpful. Most financial aid comes through the school's financial aid office; follow their advice on obtaining aid. There may also be help paying for school through a job or one of the armed forces.

EMPLOYMENT

If you are under age 14 and want a job, there are many things you can do to earn money or gain experience that will help you later. You can babysit, mow lawns or do odd jobs. You can volunteer at a variety of religious, school, or community programs.

Remember, plan on looking for work at least three months before you need it. For summer jobs apply as early as March, or better yet, obtain a part-time job during the school year. Then you will be the first hired full time in the summer.

Almost all jobs ask for an application or resume. Ask a parent or teacher to review your application before you turn it in. An interview is also usually required. You should come up with some sample questions and practice an interview before you go. Your local WorkForce Center can provide information on completing applications, resumes, and interviews (see www.mnwfc.org)

HEALTH SERVICES

Taking care of your body is very important. If you have any health concerns or have not had a physical examination in some time see your family doctor. If you don't have a family doctor, or wish to see someone else, there are other options. You can get many health care services free or at a cost based on your income.

Before going to any of the places listed below, call and ask: What services are offered? Who can receive services? How are the charges handled? Do I need an appointment? Do I need my parents' permission? Also check with your school nurse.

RECREATION AND LEISURE

Having fun is an important part of your quality of life. Although meeting new people and trying new things can be scary, getting involved in leisure activities has a positive impact on your general well-being.

In addition to community education and park & recreation activities, you may want to explore local church youth groups and/or local cultural activities such as dance, music or theatre groups.
